Related info:

The next model up from the Edge in the UK line-up is the Zetec. It includes as standard some of the features found in the Australian Trend model, such as: *16" alloy wheels, Ford SYNC connectivity system, Ford audio system and front fog lights.*

However, it also includes as standard equipment some of the features that require a step up to the Sport model in Australia, such as: *heated door mirrors, chrome finish on the upper door line, sports-style front seats, driver's seat lumbar adjustment and leather 4-spoke steering wheel.*

UK: the Zetec costs an additional £1,000 over equivalent powertrain Edge model

AU: the Sport costs an additional \$3,600 over equivalent powertrain Trend model
